

Nan Hua High School NDLP Compatible iPad List

Nan Hua High School strongly recommends that the iPad is purchased through the school to benefit from the 3-year warranty, 3-year insurance, as well as fortnightly courier service for damaged devices.

Parents who opt not to purchase must ensure that their existing iPads meet the following conditions:

- Compatible with Device Management Application (DMA) software
Processor: A13 Bionic or better
Capacity: 32GB or higher
OS version: iPadOS 14.5 or higher
(iPad model should support iOS update for the next 4 years)
Screen size: 10.2" screen or larger
- Must have a compatible stylus and keyboard cover (e.g Apple Pencil, Logitech Rugged Combo 3)
- DMA must be installed on the iPad
- Factory reset will be required (Existing data in the device will be wiped; all personal data must be backed-up)

The table below shows the recommended iPad models that are compatible with DMA software.

Model Name	Compatible Apple Pencil
iPad 8th Gen or later	Apple Pencil 1st Gen
iPad Air 4th Gen or later	Apple Pencil 2nd Gen
iPad Pro 11 inch 4th Gen or later	

Students may also bring their iPad to the ICT Office (Level 4, above Computer Lab 3) to go through a compatibility test.

***NOTE: MacBooks do NOT support the installation of MOE DMA
